DETAILED ACTION

Response to Amendment

1. Applicant's amendment and remarks received 09 January 2007 have been entered.

Allowable Subject Matter

2. Claims 1, 3-11, and 13-21 are allowed.
3. The following is an examiner's statement of reasons for allowance: In the previous office action, claims 2 and 12 (now canceled) were objected to as being dependent upon a rejected base claim. The Examiner indicated that these claims would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Applicant has incorporated the allowable subject matter of claims 2 and 12 into independent claims 1 and 4, respectively. Due to their dependencies upon independent claims 1 and 4, claims 3, 5-11, and 13-21 are also allowable. Thus, the instant application is now in condition for allowance.
4. The claimed adhesion improver included in the silver alloy used in an organic electroluminescent panel is provided for forming an electrode with low resistance and good adhesion. The design is new and unique to the art.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
